Receiver for Bankers' Trust.

Kansas City, Nov. 1.—Thomas R. Marks, chairman of the Republican county committee, has been appointed receiver for the Bankers' Trust company, which closed its doors October 28, under instructions from Secretary of State Swanger, because the local clearing house would not give it the privilege granted other banks of issuing clearing house certificates. The indebtedness of the company, outside of the half million capital stock is \$908,658. In the petition for receivership nothing is said about the assets. The local financial condition continues to show improvement.

MEETS WITH FAVOR.

President Roosevelt's Plan for Trust
Companies Is Approved.

New York, Nov. 1.—The reported intention of President Roosevelt to recommend in his annual message to congress a law placing trust companies under federal supervision, the same as national banks, was variously commented upon by New York financiers today. Leslie M. Shaw, former secretary of the treasury and now resident of the Carnegie Trust company, said: "It is unnecessary to ask what I think of a law authorizing the companies to be incorporated under a federal charter. I specifically recommended it in all my later reports as secretary of the treasury. I can not speak for the shareholders of the Carnegie Trust company, but if such a law were passed I would be very glad to change from state to federal supervision."

A. Barton Hepburn, president of the Chase National bank, also expressed his approval of federal control.

LICENSE REVOKED.

Insurance Company's Annual Report
Was Not Satisfactory.

Denver, Nov. 1.—Insurance Commissioner Rittenhouse has issued an order revoking the license to do business in Colorado of the Union Fire Insurance company of Philadelphia. This is one of the largest fire insurance companies in existence. The reason assigned for the action is alleged inaccuracy of the annual report of the company. The report, it is claimed, did not show that the company had suffered losses from the San Francisco fire and Commissioner Rittenhouse became suspicious. Personal investigation, he says, disclosed that the company had suffered losses amounting to \$540,000 and the discrepancy in the company's annual statement caused the issuance of the order.

AFTER THE BUTCHERS.

State Will Prosecute Four Caught
Using "Embalming Fluid."

Four prosecutions of butchers for selling "hamburger steak" doped with embalming fluid are about to be started by the state pure food department. Three of these prosecutions are in Douglas county and one in Sumner. The evidence is already in the hands of the county attorneys, and the papers will be issued within a few days. The penalty for selling "embalmed" hamburger steak is a maximum fine of \$300 and a year in the county jail, for the offense comes under the head of "manufacturing," and not merely retailing illegal food stuff. The pure food inspectors of the state are hard at work taking more samples of hamburger, and as fast as analyses are made, those butchers who are found to be selling the embalmed article will be hauled into court.

HIGHEST PRICE SINCE THE WAR.

English Company Buys Tobacco Crop
of Five Counties.

Henderson, Ky., Nov. 1.—By a deal consummated here the Imperial Tobacco company purchased the entire 1907 tobacco crop pledged to the American Society of Equity in Henderson, Union, Webster, Hopkins and Crittenden counties. The deal involves sixteen million pounds of tobacco and will bring one and a half million dollars of English money to the farmers of this section. The price paid was that demanded by the farmers and is the highest price ever paid here since the Civil war. All Equity factories and employees are taken over by the Imperial company and will be continued in service. Deliveries will begin as soon as the tobacco is in order. The gold will be shipped from England at once.

ITCHING PIMPLES TORMENT 5 BOYS

Arms and Hands Affected—Could
Not Sleep Because of Itching—
Suffered for Two Months Until
Two Cakes of Cuticura Soap and

ONE BOX OF CUTICURA
CURED THEM ALL

"I have five boys, from five to eleven years of age, who were affected some time last winter by some kind of skin disease. The worst parts of the body were around the arms and hands, where small pimples formed and itched. They suffered for two months so that they could not sleep at night. I noticed an advertisement about the Cuticura Remedies and we made a trial of one or two cakes of Cuticura Soap and a box of Cuticura Ointment which gave great satisfaction. I washed their bodies with Cuticura Soap and then applied Cuticura Ointment every other day. Since then they have all been healthy. A. E. Carlson, Norcross, Travers Co., Minn., Nov. 26 and Dec. 23, 1906."

WORST ECZEMA

Baffled Medical Treatment
For a Year, Cured by
Cuticura.

"About four years ago I was afflicted with itchy pimples all over my face and a few on my body, which produced a severe itching irritation, and which caused me a great deal of suffering. I was forced to call in two of the best physicians of— After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for a year, but their treatment did me no good. Finally I became despondent and decided to discontinue their services. My husband purchased a complete set of Cuticura Remedies, which entirely stopped the breaking out. I continued the use of the Cuticura Remedies for six months, and after that every spot was entirely gone and the affected parts left as clear as ever. I have not felt a symptom of the eczema for three years. Mrs. Lizzie E. Sledge, 540 Jones Ave., Selma, Ala., Oct. 28, '05."
